

# GIVE US YOUR HEART

Matt Richley

## Verse 1

In the midst of the suffering you are healer  
In a changing climate you don't change  
In the need and the hunger you're provider  
When all hope would seem lost you remain

## Verse 2

To the heart of the orphan you are Father  
In the pain of violence you are peace  
In the grief of the widow you are comfort  
Yet you call us to be your hands and feet

## Pre Chorus

So will we stop at only words  
As all of creation groans?  
Will we rise up as the church?  
Will we take your lead and serve?

## Chorus

Give us your love Lord  
Your heart of justice for the poor  
Spirit, come revive your church once more  
Out of the shadows, to be a city on a hill  
And shine your light through all the world  
*Father let your hope be heard* [final chorus]

## Tag

You say the needy aren't forgotten  
You say their hope in you won't fail  
You say even now you're restoring  
You say darkness won't prevail
